

GREEN PIN® ACADEMY

SHARING KNOWLEDGE TO IMPROVE SAFETY

INSIGHTFUL & HANDS-ON TRAINING

Green Pin® seminars and webinars allow you to improve your knowledge and discover new features about Green Pin® products and instruct you on how to operate them safely and properly. The training also provides insights into the engineering and production technology that goes into manufacturing them.

- Full range of seminars that will help you lift and lash more safely
- Focused solely on technical aspects (no sales pitch)
- Custom training programs available
- Improve your use of Green Pin® products by discovering new features
- Interactive sessions
- Easy to participate: organized online, onsite at Green Pin® or at any venue worldwide

AVAILABLE GREEN PIN® TRAINING

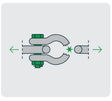

Green Pin® seminars and webinars are available in several pre-defined formats as shown in this flyer. However, completely customized training can also be done. Such sessions allow us to focus on precisely those challenges that you and your colleagues have questions about. Good to know, at Green Pin we see training as an additional service. All training given is therefore free of charge.
